

THE SERVICE

It is important for members of Defined Contribution (“DC”) pension schemes to have clear information and a sound understanding of their investment choices so that they can invest appropriately for their retirement.

We can provide relevant, high quality education material and services for members of DC schemes at the request of the trustees or sponsoring employers of the scheme. We are also able to address particular issues of interest to the parties concerned.

Typically we may be asked to present or to provide written material on the following topics.

- Discussion of member needs and preferences
- Introduction to major asset classes and fund range available to members
- Discussion of the risk/return characteristics of the unit funds
- Reference to the fund manager and review of fund performance
- Importance of member choice

The service can be delivered in person, generally at a half day presentation, or through production of material to be sent out to members of the pension scheme.
