

# STATEMENT OF INVESTMENT PRINCIPLES

## THE SERVICE

---

We can construct a Statement of Investment Principles ("SIP") document, which is a written record of the trustees' investment goals and constraints and is compliant with local legislation, where this is applicable.

Examples of matters which would be considered include the following:

- The types of investments to be held
- The balance between the different kinds of investments
- Risk
- The expected return on investments
- The realisation of investments
- The responsibilities of investment managers, investment advisers and trustees
- The performance objectives of investment managers
- Asset allocation strategy
- Monitoring controls

Before a SIP is constructed, trustees may wish (or may be required by law) to obtain written investment advice. This is also a service we can provide, as part of, or independently of, the construction of the SIP.

## WHO WOULD FIND THIS SERVICE USEFUL?

---

- Trustees of Defined Benefit ("Final Salary") pension schemes
- Trustees of Defined Contribution ("Money Purchase") pension schemes
- Trustees of charitable trusts

## HOW LONG DOES THIS PROCESS TAKE?

---

Once we have the necessary information relating to a scheme we would look to provide a draft statement for discussion within four weeks and to provide an agreed SIP after a further two weeks.

## CHARGES

---

The cost of the service is calculated on a time-spent basis and will depend upon your specific needs, but we could provide a guide price based on an initial discussion of your scheme.
